

## POWERSPORTS ACCESSORIES

### The Rally pack Motorcycle Backpack system consists of:

- Jumbo Backpack
- Roll Bag
- Vinyl Liner
- Attachable Bungee Net

### Installation: Jumbo Backpack

Open horizontal hook & loop straps on the rear of the bag.  
Place Jumbo Backpack on luggage rack.  
Loop the straps around the sissy bar/backrest in a way that is secure.  
Locate the 2 long straps and attach them to the lower D-rings on the front of the bag.  
Loop these straps around the directional indicator bar or other secure mounting location below the bag, and then attach the other ends to the lower D-rings on the back of the bag; the clips can be individually tightened by pulling on the loose ends.

Excess strap material should be knotted.

**CAUTION** - allowing straps to hang loose may cause damage to packs, painted finishes or they may become entangled in the wheel or chain.

### 4 Piece Universal Luggage System Installation Instructions

#### Note:

Backpack may be carried on the shoulders while not riding by connecting the long straps to the 4 D-rings on the back of the bag.

### Roll Bag

If Roll Bag is to be used separately from the Backpack  
Open horizontal hook & loop straps on the rear of the bag.  
Place roll bag on luggage rack.

#### **WARNING**

This system is recommended for use with a sissy bar/backrest and luggage rack combination which is permanently attached to the motorcycle.

*Do not exceed the manufacturers recommended load capacity.*

Consult your owner's manual for tire inflation pressures and gross axle weight rating. Failure to follow recommended weight loading capacities may affect handling. This could result in property damage, injury and possibly death.

Loop the straps around the sissy bar/backrest in a way that is secure.

Locate the 2 long straps and attach them to the lower D-rings on the front of the bag.

Loop these straps around the directional indicator bar or other secure mounting location below the bag, and then attach the other ends to the lower D-rings on the back of the bag; the clips can be individually tightened by pulling on the loose ends.

Excess strap material should be knotted.

**CAUTION** - allowing straps to hang loose may cause damage to packs, painted finishes or they may become entangled in the wheel or chain.

### **If Roll Bag is to be used with the Backpack**

Install Backpack using previous directions.

Place the Roll Bag above the Backpack.

Use the 4 short straps to connect the corresponding D-rings in each of the 4 corners. The clips can be individually tightened by pulling on the loose ends.

For added security, there are also two side straps on the Roll Bag that loop through clips on the Backpack.

**CAUTION** - allowing straps to hang loose may cause damage to packs, painted finishes or they may become entangled in the wheel or chain.

---

### **Vinyl Liner**

May be used with either the Backpack or the Roll Bag.

**CAUTION** - do not cut or puncture the liner.

---

### **Bungee Net**

May be used for additional storage of clothing or other articles which may need to be accessible during riding. Place articles on top of packs and secure with net by attaching hooks to the "D" rings provided.

**CAUTION** - hooks are under tension and may become dangerous when unfastened. Use extreme care when removing.

---

### **Care & Cleaning**

Use mild household detergent and soft brush to remove dirt or road grime. Rinse thoroughly and dry before using. Do not put in washer or dryer, dry-cleaning is not recommended.
