Care and Cleaning Instructions

To clean your windshield, use only warm water and a mild non-abrasive, dishwashing liquid. Use a soft cloth, such as a T-shirt or flannel cloth. To protect your windshield, please use Novus #2 to remove minor scratches, or use a polish like Memphis Shades Shinola which is specially designed for plastic windshields; glass cleansing agents will cause severe damage to your windshield and will void your warranty.

Never use any glass products, petroleum based chemicals, or cleaning agents with ammonia, bleach or any harsh chemicals. This includes Rain-X, brake fluid, acetone, and gasoline.
